PROFESSIONAL CARE CONCEPT

*»stimula« PhytoCell 24
anti-aging care for demanding skin*

»stimula« PhytoCell 24

An advanced moisturizer with precious vegetal oils, bioactive plant extracts and vinotherapy actives, such as Champagne extract, phyto stem-cells from grapes and resveratrol.

The formula stimulates the self-renewal potential of the skin and gives best possible protection from UV-induced skin aging. Its smoothing cashmere texture with light reflecting pigments leaves the skin with a velvety, radiant finish.
